

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

7969-414

Date of Issuance:

1/14/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Vedira Pressurized Fly Bait

Name and Address of Registrant (include ZIP Code):

Christine Keating
Team Leader, Federal Registrations
Agricultural Solutions
BASF Corporation
26 Davis Dr.
Research Triangle Park, NC 27709

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Date:

Dr. Jennifer Saunders, Chief
Invertebrate & Vertebrate Branch 1, Registration Division
(7505P)

1/14/21

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 7969-414.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 03/06/2020

If you have any questions, please contact Jennifer Gaines by phone at (703) 305-5967, or via email at gaines.jennifer@epa.gov.

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • DO NOT induce vomiting unless told to by a poison control center or doctor. • DO NOT give anything to an unconscious person.
HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-832-HELP for emergency medical treatment information.	

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Personal Protective Equipment (PPE)

Applicators and other handlers must wear:

- Long-sleeved shirt
- Long pants
- Shoes plus socks

USER SAFETY RECOMMENDATIONS

Applicators and other handlers should:

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change clothing.

Environmental Hazards

This pesticide is toxic to fish and aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

DO NOT apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. **DO NOT** contaminate water when disposing of equipment washwater or rinsate.

This product is highly toxic to bees and other pollinating insects exposed to direct treatment or residues on blooming crops or weeds. **DO NOT** apply this product or allow it to drift to blooming crops if bees or other pollinating insects are foraging in the treatment area.

Physical or Chemical Hazards

CONTENTS UNDER PRESSURE. DO NOT use or store near heat or open flame. **DO NOT** puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Directions For Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Apply only in areas that are out of reach of children and pets.

Use Restrictions

- For indoor use only.
- **DO NOT** apply more than once every 7 days.
- **DO NOT** apply to surfaces that may reach excessive temperatures. Examples include portions of stoves, lighting above food preparation areas, ovens, grills, fume hoods, steam tables, toasters, fryers, dishwashers, and hot water pipes.
- **DO NOT** apply directly into any electronic equipment or areas where electrical short circuit could occur.
- **DO NOT** use in aircraft cabins; use in cargo areas only.
- **DO NOT** contaminate food, feed stuffs or water supply.
- **DO NOT** apply directly on food preparation surfaces or dining surfaces where foods for consumption may come in contact.
- **DO NOT** contaminate food preparation surfaces, kitchen utensils, dishes, or food/feed storage containers.
- Cover food/feed contact surfaces and cooking utensils in treatment area before treatment.
- Remove animals or treat in areas where animals are not present. **DO NOT** apply to animals. **DO NOT** allow insecticide to drift onto animals. **DO NOT** contaminate milk, food or drinking water.
- Apply to the point just before runoff. **DO NOT** allow treatment to drip or run off of surfaces.

{Note to PM: Italicized text enclosed in “{ }” is information for the reviewer and not part of the label.
[Bracketed information is optional text.] Text within brackets and separated by “/” denotes and/or options.}

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

Pesticide Storage

Store in a cool, dry area away from heat or open flame and inaccessible to children.

Pesticide Disposal

Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

Container Handling

DO NOT puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

In Case of Emergency

In case of large-scale spill of this product, call:

- CHEMTREC 1-800-424-9300
- BASF Corporation 1-800-832-HELP (4357)

In case of medical emergency regarding this product, call:

- Your local doctor for immediate treatment
- Your local poison control center (hospital)
- BASF Corporation 1-800-832-HELP (4357)

Product Information

A ready-to-use solution to kill flies in a broad range of environments. Provides attractancy properties which will aid in bringing flies into the treated bait area.

Indoor Application Instructions

Apply indoors to non-porous surfaces as a spot treatment, band application, or removable bait placement. Follow instructions for specific application methods. This product may not adhere to dusty or greasy surfaces. Reapply as necessary but not sooner than 7 days after last application.

This product may be used as part of a preventive program or in anticipation of a fly problem. Apply inside garbage receptacles, underneath garbage lids, inside recycling bins or receptacles, and other labeled areas that will help prevent flies from being a nuisance.

Spot Treatment

- Apply where flies congregate, roost, and feed including garbage receptacles and lids, refuse containers, recycling bins, dumpsters; behind vending machines; under bars, tables, benches, and calf hutch ceilings; and on walls.

- Lightly spray (to avoid runoff or dripping from target area) no further than 12 inches (30 cm) from target area at a rate of 2 linear feet per second.
- For spot treatment of house fly larvae, spray where larvae occur or are suspected.

Band Application

- Apply where flies land, roost, and/or infest including beam edges, receptacle edges, table or bend edges, around windows and window frames, under narrow eaves or other narrow areas.
- Spray no further than 6 inches (15 cm) from target area at a rate of 2 linear feet per second.

Removable Bait Placements

- Spray an object no larger than 24 square inches and no smaller than 6 square inches unless object is a rope or twine at least 6 inches long.
- Object may be made of laminated or painted wood, plastic, metal, or other suitable non-porous material.
- Interior bait placements - Total number must not exceed 2 square feet per room total.
- All bait placements must be clearly marked: “Fly Bait. Do not touch.”
- Place in areas conducive to fly activity, and out of reach of children and domestic animals.
- Remove unwanted bait placements and discard.

Food/Feed Handling Establishments

Food/feed handling establishments are places other than private residences in which food is held, processed, prepared, or served, including those operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs.

Applications of this product in food/feed areas of food/feed handling establishments may be made as a spot treatment, band application, or removable bait placement.

- **Food/feed areas** include areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups).
- **Non-food/feed areas** include garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after canning or bottling).

Apply to surfaces such as under elements of construction, stainless steel equipment, shelving, machinery, storage areas, pallets, tables, chairs, and other areas where listed pests may be harboring, traveling, breeding, or entering the structure. This product can also be used as a preventive treatment for areas likely to have future infestations. Follow directions in **Indoor Application Instructions** section of this label.

*{Note to PM: Italicized text enclosed in “{ }” is information for the reviewer and not part of the label.
[Bracketed information is optional text.] Text within brackets and separated by “/” denotes and/or options.}*

DO NOT contaminate food/feed or food/feed contact surfaces. Remove or cover food/feed, dishes, utensils, food processing equipment and food preparation surfaces in the treatment area.

Poultry, Livestock and Domestic Animal Housing Facilities

For indoor use on animal housing structures. Remove animals or apply where animals are not present. **DO NOT** apply to lactating or food animals. **DO NOT** apply or allow insecticide to drift onto animals. **DO NOT** allow animals to enter treated areas until surfaces are dry. **DO NOT** contaminate milk, food, or drinking water. **DO NOT** apply to milking equipment in dairy areas.

- Applications of this product may be made as a spot treatment, band application, or removable bait placement.
- For best results, begin spraying at start of fly season and reapply during periods of heavy activity.
- Apply where flies land, roost, and/or infest including on ceilings, screens, upper corners, and around windows, doors, and light fixtures and in areas such as dog kennels, hog barns, horse barns, chicken houses, rabbit hutches, dairy areas, milk houses, calf hutches, calving pens and parlors.

{Note to PM: Italicized text enclosed in “{ }” is information for the reviewer and not part of the label.
[Bracketed information is optional text.] Text within brackets and separated by “/” denotes and/or options.}

Conditions of Sale and Warranty

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as environmental conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION (“BASF”) or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer. BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW: (A) BASF MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY, (B) BUYER’S EXCLUSIVE REMEDY AND BASF’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND (C) BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.** BASF and the Seller offer this product, and the Buyer and User accept it, subject to these **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
